Christ Church CofE First School Business Continuity Plan

SECTION 1. INTRODUCTION

1.1 Background Information

Somerset County Council is required by the Civil Contingencies Act 2004 to develop plans to manage business continuity in the event of a range of disruptions to services. By extension, Local Authority schools have the same obligation.

No-notice disruptions are, by definition, impossible to predict. This plan deals with the ones most likely to occur:

- loss of premises (through fire, flood etc)
- loss of utilities (electricity, gas, water, fuel)
- failure of IT and telephony
- staff shortage

The impact of any serious disruption may manifest itself in terms of: delivery of education, safety/welfare, financial consequences; reputation damage; environmental consequences.

1.2 Aim of Plan

The aim of this plan is to provide guidance and support to enable schools to tackle the impact of severe disruptions due to a variety of unlikely, but credible, causes, with the following objectives.

1.3 Objectives of Plan

The plan is designed to achieve the following strategic objectives:

- a. To safeguard the safety and welfare of pupils, staff and visitors;
- b. To resume provision of education services at the earliest opportunity and, where possible, secure a continuation of learning;
- c. To maintain the community and identity of the school;
- d. To return the school to normality.

1.4 Related Plans and Procedures

This plan should be read in conjunction with the school's other evacuation plans and emergency procedures that deal with the immediate response to an emergency situation.

For example:

- Dealing with Major Incidents and Updating your Contingency Plan
- Please insert other useful documents.

1.5 Plan Review and Testing

This plan should be reviewed for currency and accuracy every 2 years or in the event of significant structural or organisational change.

It is good practice to test the plan at regular intervals i.e. annually. A table top Business Continuity Exercise is available via the following link:

<https://slp.somerset.gov.uk/somersetipost/iPost Documents/BUSINESS CONTINUITY TABLETOP EXERCISE.doc>

1.6 Business Continuity/Emergency Grab Bag

An emergency grab bag should be created to hold key information that will support the school in the event of an emergency/business continuity disruption. Depending on the nature of the disruption, this pack should be kept in a location that can be accessed at all times.

Suggested grab bag contents include:

SECTION 4: BUSINESS IMPACT ASSESSMENT

For the purpose of this plan, the strategic critical function of the school is stated as:

‘The provision of educational services to its registered pupils, including a safe and secure environment in which to learn.’

In a business continuity context, the following functions are intended to achieve the strategic aim. Each activity has an associated ‘Maximum Tolerable Period of Disruption’ (MTPD) by which it should be resumed, some being more urgent than others. This period will determine the order in which activities are resumed.

There are certain critical times where the functions listed below would have greater impact

| Critical Function | Description | MTPD |
|-----------------------------------|---|-------------|
| Teaching Staff | The provision of a suitable number of qualified teaching staff to deliver the National Curriculum. | 1 Week |
| Support Staff | The provision of suitably qualified and experienced support staff to assist in the education of pupils and running of establishment services. | 2 Weeks |
| Safe and Secure Premises | The provision of suitable, safe and secure accommodation to enable the delivery of education and to meet duty of care and health & Safety requirements etc. | 1 Week |
| Utilities - Gas | The supply of gas to enable the heating of premises and preparation of school meals etc. | 1 Week |
| Utilities – Water | The supply of water for drinking and general usage including flushing of toilets, preparations of meals etc. | 1 Week |
| Utilities - electric | The supply of electricity to enable ICT systems to run, lighting of premises etc. | 1 Week |

| Provision of cleaning contractors | The provision of suitable numbers of cleaners to carry out general cleaners to carry out general cleaning such as toilets, waste collection and removal. | 1 Week |

SECTION 5: POTENTIAL DISRUPTIONS

5.1 Loss of Premises

Loss of premises may result from fire, flood, loss of essential utilities or the building is within an area cordoned off by emergency services. This may occur during school hours, necessitating and evacuation, or during non school hours preventing staff and pupil's access to the building.

It is a critical function of the school to provide suitable, safe and secure accommodation to enable the delivery of education and to meet duty of care and health & Safety requirements etc. The space below should include all relevant information that would assist with recovery from a loss of premises incident.

Virtual learning: In cases of an enforced closure many school provide links through their website to learning opportunities. These together with other educational internet and paper based services provide methods for providing continuation of education provision).

It is good practice for Schools/educational establishments to maintain contact with the local authority or governing body to help identify suitable working processes and possible alternative locations. From experiences of past Business Continuity events, alternative locations have been sought/implemented when a facility has been closed for a period of more than one week.

| Risk | Potential Workarounds | |
|------------------------------|--|-------------------|
| Complete loss of site | Potential alternative sites: | 1: The Key Centre |
| | | 2: |
| | | 3: |
| Partial loss of site | <ul style="list-style-type: none"> - <i>Use of alternative on-site buildings</i> - <i>Use of temporary accommodation</i> - <i>Use of off-site facility if available</i> | |

| <p>5.2 Loss of Staff The most likely scenarios involving a significant loss of staff are industrial action, fuel shortage, outbreak of disease (eg. Pandemic influenza) and severe weather. In all of these events, there is likely to be a period of notice in which arrangements may be made to mitigate the effects.</p> <p>It is a critical function of the school to provide a suitable number of qualified teaching staff to deliver the National Curriculum and suitably qualified and experienced support staff to assist in the education of pupils and running of establishment services.</p> <p>It is also important to consider 'Single Points of Failure' i.e. Exams Officer/Premises Manager etc</p> | |
| Risk | Potential Workarounds |
| Pandemic Flu | <p>A flu pandemic will occur in 2 waves, 3-9 months apart, with each wave lasting about 12 weeks. In addition to staff being off ill, you will also have staff being off to care for sick relatives etc.</p> <ul style="list-style-type: none"> - <i>Alternative teaching arrangements</i> - <i>Temporary cover</i> - <i>Hygiene precautions</i> |

5.3 Failure of IT/Data/Telephony

Failure of IT within a school could be caused by a variety of reasons such as fire, flooding, power cut etc. It is important to ensure that the main server is resilient with separate power supply but if this not possible, back up arrangements should be in place.
